We bought this beautiful young cow, along with her mother, shortly after weaning to start our herd. At 3 years and 4 months of age she has a tip to tip of 62.5" with impressive total horn of 77". Ginger Spice is starting to roll out now so may get the twist her mom has. She gave us a sweet heifer calf late last summer and bred back immediately and had a bull calf this summer only ten and a half months later. This line continues to be impressively
